### Upgrade Updates

#### Finance your Upgrade with PowerSaver

Eligible California homeowners can access up to \$25,000 for energy-saving projects like insulation, heating and cooling systems, and solar panels.

#### Watch the Video Vignette!

Follow the Halls as they consider home energy upgrades and visit Roberto, who shows them his upgrade project.

#### Go Green, Get Green

Using eco-friendly materials like recycled content insulation helps conserve resources and can increase the value of your home.

Energy Upgrade California is a collaborative program administered by the California Energy Commission in partnership with public and private utilities, the California Public Utilities Commission and participating counties. The program is funded by grants and contracts from the U.S. Department of Energy, the Energy Commission, and California utility customers. This program may be modified or terminated without prior notice and is provided to qualified customers on a first-come, first-served bases until program funds are no longer available. Neither the Energy Commission, the counties, the utility companies nor the Public Utilities Commission are responsible for any goods or services selected by the customer. The trademarks used herein are the property of their respective owners.
